

PECHANGA FIRE DEPARTMENT

Impairment Plan for Fire Protection

2019 CFC 901.7 Systems Out of Service. When fire protection systems are affected by a planned or emergency impairment, the property owner or designee shall establish an impairment plan to provide for the safety of occupants, protect the facility, ensure the duration of the impairment is minimal, and ensure the system(s) are restored. The property owner or designee shall designate an Impairment Coordinator (IC), provide approved fire watch for buildings/area(s) affected by impairment, and notify Pechanga Fire Department. A copy of the impairment plan shall be provided to PFD, IC, fire watch, public safety, and facilities personnel. A fire department permit is required to install new and modify existing fire protection systems.
