

# ABOUT US

The Pechanga Band of Indians created  
their Child & Family Services  
Department and Tribal Court to:

Preserve and strengthen the  
unity of the Pechanga  
Indian family.

Preserve and strengthen  
each child's Pechanga  
Tribal, cultural or ethnic  
identity whenever possible.

Take actions that may be  
necessary to prevent the  
abuse, neglect or  
abandonment of children.

Provide services for children  
and families with an emphasis  
on early intervention,  
prevention, and community  
based alternatives.

Secure the rights and ensure  
fairness to children, parents  
and guardians that come  
before the Court.

Provide a non-adversarial forum  
for culturally appropriate  
resolution of child and family  
welfare issues coming before the  
Tribal Court.
